DETAILED ACTION

Response to Amendment

1. Applicants' amendments and arguments, see amendment, filed on 8/5/2005, with respect to Claims 9, and 11 have been fully considered and are persuasive. The 35U.S.C. 103 rejections have been withdrawn.

None of the previously cited reference teaches the amended Claims 9, and 11. Claims 1-8 and 10 had been cancelled.

Allowable Subject Matter

2. Claims 9, and 11 are allowed.

Examiner's Statement of Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:
The prior art along or in combination fails to teach or make obvious the limitations that specifically comprises:

"a processor coupled to a multiplexed set of ports for input and output; a first storage for a first Ethernet communication; a second storage for a second Ethernet communication; in response to a strobe signal, coupling the processor to the first storage for handling the first Ethernet communication; and in response to a clock signal, changing from the one Ethernet storage to another Ethernet storage, whereby a single set of ports is coupled to a plurality of

networks in sequence, with the sequence being responsive to the strobe signal" as recited in the independent claim 9, and
"a single processor including a sequencer which determines which source is being processed during the time period and which services a different source during the next clock period and sequencer includes a counter which indicates which source is serviced at any time and the counter is coupled to the clock input for indexing the counter in response to a clock pulse and a strobe input and the counter is coupled to the strobe input and is reset by a signal on the strobe input" as recited in the independent claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
